

Increase productivity and reduce costs with post donuts. Designed for Trex Fencing systems, the post donuts provide an alternative foundation to traditional concrete footers for a more secure attachment. Use with No Dig tools to install over posts driven into the ground or mounted on walls.

- Easy to install
- Eliminates concrete
- Reduces labor
- Made in U.S.A. with ballistic grade plastic
- Fits over 2-3/8" Schedule 40 galvanized steel pipe
- Easy to adjust to ensure proper post alignment
- Designed to provide a snug fit for the 3.75"x3.75" ID of a Trex fence post
- Fastens with concrete anchor pins

Donuts and fasteners
(2 mounts per package)
